The City Council of the City of Chula Vista does ordain as follows:

SECTION I: That Chapter 15.48 of the Chula Vista Municipal Code is hereby amended by revising Section 15.48.110 and adding a new Section 15.48.105 to read as follows:

Sec. 15.48.110 Public Pool - Permit Required.

No person shall maintain or operate any pool except a private pool unless an annual operating permit is issued therefor by the county health officer. A pool shall be considered a private pool if it is maintained by an individual for the use of his family and friends and for swimming instruction programs of short duration which are conducted by or sponsored by the American Red Cross or other like recognized organization. An annual operating permit issued by the county health officer is required for the operation of any public pool including, but not limited to, all commercial pools, real estate and community pools, pools at hotels, motels, resorts, auto and trailer parks, auto courts, apartment houses, clubs, public or private schools and gymnasias and health establishments. Every person applying for a permit as required by this section shall, at the time of making application for such permit, pay an annual inspection fee of sixty dollars for the first pool under one ownership and on the same property, and a fee of thirty dollars for each additional pool on the same property and under the same ownership. The annual operating permit shall be effective for a twelve-month period from the date of issuance.

In any case where the applicant has failed for a period of thirty days to file the application and obtain the permit required by this section, there shall be added to and collected with the inspection

fee a penalty equal to ten percent of the fee; and for each additional month or fraction of a month after the expiration of said thirty-day period that the applicant fails to file such application and obtain such permit, there shall be added to and collected with the inspection fee an additional penalty equal to ten percent of the inspection fee; provided, however, that in no event shall the total penalty added to the inspection fee pursuant to this section be more than sixty percent of the inspection fee. The imposition or payment of the penalty imposed by this section shall not prevent the imposition of any other penalty prescribed by state law or city ordinance, nor shall it prevent a criminal prosecution for violation of this chapter.

Swimming Pools - Fee.

Any person desiring the review and approval of plans and specifications for a public swimming pool by the Director of Public Health pursuant to Section 7780 of Title 17 of the California Administrative Code shall submit said plans to the Director accompanied by a fee as set forth herein to cover the cost of said review. As soon after the plans and specifications are submitted as is practical, the Director shall review or cause to be reviewed said plans and specifications and shall determine whether they are in accordance with the requirements of Sections 7780 et seq. of Title 17 of the California Administrative Code. In the event that the plans and specifications do not comply with said Administrative Code provisions, amended plans and specifications may be submitted to the Director for rereview and approval, and the fee for each such rereview shall be as set forth herein, payable to the Director in advance.
