

RESOLUTION NO. 755

WHEREAS, by Ordinance No. 158 of the City of Chula Vista, California and Section 13 thereof, which reads as follows:

"Section 13. All buildings or other structures which contain any plumbing fixtures and which are located within any sewer district must be connected to a public sewer.

Whenever any property shall be included in a sewer district, every building or other structure located on such property, and containing any plumbing fixtures, shall, within time specified by Board of Trustees after completion of the public sewer in such sewer district, have all such fixtures connected to the ^{said} public sewer, and any and all cesspools or septic tanks on such property shall be disconnected and sealed, or filled with good, sound earth, at the discretion of the Sewer Inspector at the time the sewer connection is made. PROVIDED, however, that, if the said property has been, previous to its inclusion in a sewer district, connected to a public sewer, and if such connection is approved by the Sewer Inspector, said connection shall be considered as complying with the provisions of this section".

RESOLVED, by the City Council of the City of Chula Vista, California, That pursuant to the authority in said Section 13 contained, and a public sewer in sewer district No. 1 of said City having been completed. Every building or structure containing any plumbing fixtures, within said sewer district shall on or before the 18th day of November, 1928 have all such fixtures connected to said public sewer and on or before said last named date any and all cesspools or septic tanks in said sewer district shall be treated and cared for as in said section 13 provided.
